For 24/7, on-demand care , download the Spectrum Health app or log in to MyChart. Start here if you're unsure where to go. You will not be charged if you are directed to another service for care.	For immediate, in-person care , visit the retail walk-in clinics at the Hudsonville or Wyoming Meijer. Save your spot in line at spectrumhealth.org/walkin .	Call your primary care provider's office or find a primary care provider at findadoctor.spectrumhealth.org . Scheduled, virtual and e-visits are available. Some primary care practices also offer walk-in hours for an additional fee. E-visits cost no more than \$25/visit. After hours patient support available 24/7.	For care that can't wait , that may also need lab or radiology, find a location and save your spot in line at spectrumhealth.org/locations .

| <ul style="list-style-type: none"> • Asthma attacks • Cuts • Pain • Sprains & strains | <ul style="list-style-type: none"> • Ear ache • Fevers • Rash, hives or skin infections | <ul style="list-style-type: none"> • Allergic reactions • Asthma attacks • Burns • Pain | <ul style="list-style-type: none"> • Cuts or wounds that may need stitches • Dizziness • Eye injuries • Moderate sprains/strains • Upper respiratory infections | |

*Prices and \$ icons are intended to help inform you of your care options and their relative price to each other. These amounts reflect approximate price only, which is what you would expect to pay **without insurance coverage**. Pricing varies depending on the complexity and severity of your condition. If you have insurance, direct questions on coverage and relevant prices to your insurance provider. Prices noted do not include additional services such as labs, radiology, other tests or other ancillary services needed as a result of the visit. Prices reflected are as the date of publication and are subject to change. For more information on Spectrum Health prices, please visit spectrumhealth.org/about-us/average-prices.

Understand urgent care versus the emergency department

Many people go to the emergency department for symptoms that could be seen at an urgent care. Urgent care is for moderate injuries or illness that need care right away but aren't true emergencies. Always go to the emergency department if you believe your condition to be life-threatening.

URGENT CARE (\$\$\$)	EMERGENCY DEPARTMENT (\$\$\$\$)

Call 911 or go to the nearest emergency department if you have any of these symptoms:

- Sudden dizziness, numbness or paralysis, difficulty speaking, loss of consciousness
- Chest pain or palpitations with dizziness, shortness of breath, sweating, nausea, vomiting

Poison Control

Call 800.222.1222 for ingestion or overdose.
