APollo	<p>Apollo: <i>Transcatheter Mitral Valve Replacement with the Medtronic Intrepid™ TMVR System in patients with severe symptomatic mitral regurgitation.</i></p> <p>RANDOMIZED COHORT: <i>Evaluate the safety and efficacy of the Medtronic Intrepid™ TMVR System in patients with severe symptomatic mitral regurgitation who are candidates for conventional mitral valve surgery. Patients will be randomized on a 1:1 basis to either TMVR with the Medtronic Intrepid™TMVR System or to conventional mitral valve surgery.</i></p> <p>SINGLE-ARM COHORT: <i>Evaluate the safety and efficacy of the Medtronic Intrepid™TMVR System in patients with severe symptomatic mitral regurgitation who are ineligible for conventional mitral valve surgery. Patients ineligible for randomization may be enrolled through a single-arm trial. Patients enrolled in the single-arm cohort will be assigned to TMVR with the Medtronic Intrepid™TMVR System.</i></p>	Device	Dr. William Merhi	Elizabeth Helm Elizabeth.Helm@spectrumhealth.org 616.486.2080
