APOLLO	APOLLO: <i>Transcatheter Mitral Valve Replacement with the Medtronic Intrepid™ TMVR System in patients with severe symptomatic mitral regurgitation.</i>	Device	Dr. William Merhi	Elizabeth Helm Elizabeth.Helm@spectrumhealth.org 616.486.2080
	Evaluate the safety and efficacy of Medtronic Intrepid™ TMVR System in patients with moderate-to-severe or severe symptomatic mitral regurgitation who, by agreement of the local site multidisciplinary heart team experienced in mitral valve therapies, may not be optimally treated with approved transcatheter repair or surgical mitral valve intervention.		Dr. John Heiser	
The Early Feasibility Study of the TMVR Transseptal System	The Early Feasibility Study of the TMVR Transseptal System: <i>Evaluation of the Safety and Performance of The Medtronic Intrepid™ Transcatheter Mitral Valve Replacement System with Transfemoral Transseptal access in Patients with Severe, Symptomatic Mitral Regurgitation</i>	Device	Dr. William Merhi	Elizabeth Helm Elizabeth.Helm@spectrumhealth.org 616.486.2080
	The study is a prospective, multi-center, non-randomized study to evaluate the safety and performance of The Intrepid™ TMVR System with transseptal access in patients with severe, symptomatic mitral regurgitation, who are ineligible for conventional mitral valve surgery.		Dr. John Heiser
