CF Registry	Cystic Fibrosis Registry	Registry	Dr. Susan Millard	Tom Symington thomas.symington@spectrumhealth.org 616.391.9366
	<i>This study is an ongoing data collection effort sponsored by the Cystic Fibrosis Foundation, known as the Patient Registry. The goal of the Patient Registry is to collect data to better understand the illness and ultimately improve the care and survival of those with CF. The Patient Registry was established in 1966 as a means to monitor important trends in the CF population and to improve understanding, treatment, and survival.</i>			
Simplify	A master protocol to test the impact of discontinuing chronic therapies in people with cystic fibrosis on highly effective CFTR modulator therapy A master protocol to test the impact of discontinuing chronic therapies in people with cystic fibrosis on highly effective CFTR modulator therapy		Dr. Susan Millard	Lindsey Kamphuis lindsey.kaphuis@spectrumhealth.org 616.267.2022
	<i>To determine whether discontinuing hypertonic saline is non-inferior to continuing hypertonic saline among subjects on elexacaftor/tezacaftor/ivacaftor, as measured by the 6-week absolute change in FEV1 % predicted</i>			
CHEC	CHaractErizing CFTR Modulated Changes in Sweat Chloride and their Association with Clinical Outcomes	Observational	Dr. Susan Millard	Alicia Castillo Bahena alicia.castellobahena@spectrumhealth.org 616.267.9304
	<i>This study looks at sweat chloride (SC) levels in people with CF who are currently being treated with CFTR modulator therapies. The goal is to test the amount of salt in your sweat to find out how different CF patients respond to treatment with CFTR therapy, and to see if CFTR therapy impacts long-term health outcomes.</i>			
STOP PEDS	STOP PEDS PILOT (Streamlined Treatment of Pulmonary Exacerbations in Pediatrics Pilot)	Observational	Dr. Susan Millard	Tom Symington thomas.symington@spectrumhealth.org 616.391.9366

BEGIN-OB-19	Baby and Early Endocrine Factors and Growth in Cystic Fibrosis (BEGIN) Study” (BEGIN-OB-18)	Observational	Dr. Susan Millard	Tom Symington thomas.symington@spectrumhealth.org 616.391.9366
