

Product Substitute - Disinfectant

April 9, 2020 1421

This message is to inform Clinical and Environmental Services staff on product substitutions for disinfectants during the COVID-19 response.

Product substitutes will be used for common disinfectants, including for the PDI Super Sani Cloth (Super Sani Wipes) or Quat.

Each product meets the EPA's criteria for use against SARS-CoV-2, the virus that causes COVID-19. Follow instructions on containers for proper protection and use.

Below are examples of products that will look different and may require special attention for use:

Current Spectrum Health approved product:	Example alternative products: (These images are not all inclusive. There are many different types and brands you may encounter.)
 <p>LN 850103: WIPE GERMICIDAL SANICLOTH SUPR</p>	<div data-bbox="678 1287 784 1455">  <p>PDI Bleach Germicidal Wipes may be used as a substitute to quat wipes</p> </div> <div data-bbox="678 1486 857 1612">  <p>Wipes may be assembled on site, using:</p> <ul style="list-style-type: none"> • Foil bag • Wipes • Bulk solution (including hydrogen peroxide or other disinfectant) </div> <p>*Note instructions on container for assembly and use.</p>
