

COVID-19 Universal Eye Protection – Workday Ordering Information – 5.20.21, 1400

Spectrum Health contact: Gerry Hakala *Highlight denotes new content

Document reviewed: 5.20.2021

- **5/21/21: Updated Eye Protection Recommendations**
- Eye protection is recommended, but no longer required for all patient and visitor interactions where respiratory secretions are **NOT** anticipated.
- Eye protection remains **required and strictly enforced** when caring for patients who **are positive or suspected of COVID-19, all patients receiving aerosol generating procedures (AGPs), or when respiratory secretions are anticipated** per the [Standard Precautions Policy](#).
 - Please see [Eye Protection Guidelines and FAQ](#) for more information.
