

Respiratory Testing Decision Tree – 1.21.21 1142

Spectrum Health contact: Audra Richards *Highlight denotes new content

Document reviewed:1.21.21

* The FilmArray respiratory panel (LAB3359) may also be ordered which includes COVID, influenza, and other respiratory pathogens

• 4-plex: (COVID, Flu A/B, RSV PCR)

• Batch TAT: Routine turn around time dependent on current lab volumes, typically 2-5 days
