Minimizing traffic into COVID-19 patient rooms.

**Postpartum Virtual Visits for Low Risk Patients**

- Postpartum nurses communicate with providers using "Sticky Notes to Providers" which is in the patient Summary-Prof Exchange Report almost all the way down.

  ![Sticky Notes to Providers](image)

- Nurses click on "Comment" to type comments to providers that are non-urgent.

  ![Comments](image)

- Providers will be able to see this documentation in their "Notes from Clinical Staff" section. They will be able to respond back to nurses and write comments as well.

- Provider calls into room and talks to patient, answers patient questions.

- Provider documents in chart the visit was done virtually.

- Nurses will need to check “Sticky Notes” section throughout shift for updates.

- Provider will see patient if patient or nurse have a concern that needs a physical examination

Nurses can still contact provider via PerfectServe for urgent issues such as high blood pressure.
