STATEMENT FOR INVASIVE PROCEDURES ONLY:

I have reviewed the patient consent form. The procedure for which the patient is consented conforms with the plan for this patient. I have discussed the risks, benefits and potential complications of the planned procedure, and the risks, benefits and potential complications of alternative treatments with the patient/family. The patient explained/taught back what he/she has recalled and understood from our discussion and wishes to proceed.

If the consent was signed more than 30 days prior to the procedure, I confirm there has been no material change in the patient's condition that may alter the risk of this procedure to the patient.

INTERPRETATION SERVICES

I certify that I have interpreted, to the best of my ability, into and from the participant's stated primary language, ________________________________, all oral presentations made by all of those present during the informed consent discussion.
