

VDI

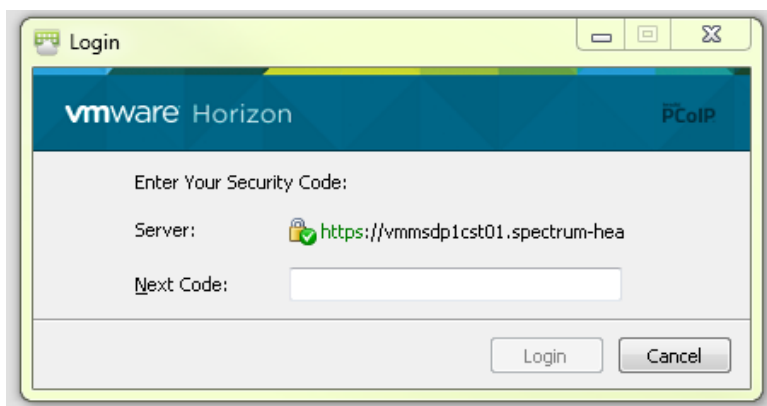

1. In your Start menu, open **VMWare Horizon View**
2. Select **vdv.spectrum-health.org**
3. Click Connect
4. Enter your **network username**.
5. Enter your **network password** in the **Passcode** field.

6. Click **Next**
7. A passcode is needed in order to complete your sign in. Once you click **Next**, you will either get a text message with your passcode, or you will have to use the code from your VIP Access application
If you have not registered to receive your passcode, you will need to click one of these links:

[Click here for instructions on how to register for your code.](#)

8. Enter the passcode in the **Next Code** textbox.

9. Click **Login**
10. Select the desired desktop and click Connect

If you are unable to log in, contact the Help Desk at 616.391.1361.
