

# Family Medical Leave Act (FMLA) Information

Our providers and office would like to congratulate you on your pregnancy. If you will be taking Family Medical Leave Act (FMLA) leave or short-term disability to cover your maternity leave, please be aware that this approval can be a lengthy process. We recommend that you contact your employer to receive the FMLA or disability paperwork and bring it to our office at your next visit (between 30 and 32 weeks).

Due to the high volume of forms that we receive, please allow five to seven business days from the date that we receive your form for completion. To make sure your form is completed as quickly as possible, please make sure that you have completely filled out the portions of the form that you are responsible for, and that you have signed the form.

Once the paperwork is complete, we will contact you to pick up the form and return it to your employer or insurance company. If they have any questions they will contact our office for clarification.

Thank you for the opportunity to participate in your OB care.
